Soft Skills:

- Verbal & Written communication
- Time Management
- Problem Solving

CERTIFICATIONS

NPTEL:

- Introduction to Operating System
- Programming in Java

EDUSKILL:

- AI and Machine Learning

PROJECT

Project Title: Driver Drowsiness Detection and Traffic Sign Recognition using AI.

Description: Designed an AI-based system that detects driver fatigue and recognizes traffic signs in real-time to enhance road safety. Implemented live alerts using computer vision and deployed the solution on Raspberry Pi for embedded use.
